Dear Parent,

According to the guidelines of the Indiana State Department of Education Division of Language Minority and Migrant Programs, students who are enrolling for the first time in school (i.e. Kindergarten) and have indicated a language other than English on their Home Language Survey (HLS) and students who have transferred from another corporation from out of state and have indicated a language other than English on their HLS are required to be tested with WIDA ACCESS Placement Test to determine if they qualify for English language development services, to help them become fluent in English.

Your child was tested with the WIDA ACCESS Placement Test which includes four skill areas of Speaking, Listening, Reading and Writing. Your child scored a Level 5.0-6.0 indicating Fluent English Proficiency. Students who score at Level 5.0-6.0 are not required to participate in an English Language Program. Your child English level indicates he/she is prepared for continued success in the mainstream classroom.

If you have any questions, please contact the EL teacher at your child's school.

Sincerely,
