Dear Parent,

We are ready to begin our human growth and development curriculum for 4th and 5th graders. This is an officially adopted curriculum that deals with human anatomy and changes associated with puberty. The curriculum will be presented on _____.

Parents who wish to exclude their child(ren) from this curriculum may do so. We feel that our content is important and that it is sensitively done, but we certainly respect a parent's right to deal with these important matters at home. These materials are available for parents to preview by visiting www.perryschools.org > Departments > Nursing Services > Human Growth and Development.

If you **DO NOT** want your child(ren) to participate in the human growth and development curriculum this school year, please complete the clip-off below and return it to your child's teacher by *INSERT DATE OF DEADLINE*.

Sincerely,

Perry Township Schools
