

Getting Connected to wifi

Use this page for a quick reference on getting your Chromebook connected to wifi.

To connect your Chromebook to wifi:

1. Turn on your Chromebook.

2. Click the "wifi" icon in the bottom right of the screen

3. Turn on wifi. Your chromebook will automatically look for available networks.

4. Select your Wi-Fi network. (i.e., home network or Xfinity)
The lock icon indicates a password is required to connect to this network. Enter your password. If you do not know your password, you can access it on your internet account settings online.
