Dear Parents/Guardians,

On Tuesday, September 3, 2024, Perry Township will exclude students who are not current with vaccinations from attending school, in accordance with Indiana state law. Please check your child's shot record and either submit a complete record to school or make an appointment for your child to receive necessary shots and provide documentation of the appointment to school. Assessment Update

The Indiana Department of Education is piloting three checkpoints for Grades 3-8 to make a new through the year assessment which will be required for all students to take next year. Perry Township opted into the pilot in order to help give input into this new assessment. We will take the first ILEARN checkpoint starting in October after fall intersession. The checkpoint system will take the place of Evaluate, which we took in prior years for the same purpose of informing instruction throughout the year. You will be informed of your student's results after each testing window through ParentSquare. For more information about the ILEARN Checkpoints, please click [this link](#) to view a family letter for your student's grade level. All of your student's state and district test scores are located in Skyward under Test Scores.
