## CKLA Grading Statement

We are implementing a new reading curriculum, Amplify CKLA, as a school district. During the second quarter, we will begin taking reading grades. This curriculum integrates various skills, including reading, writing, vocabulary, and spelling, and we will assign one overall grade for Reading. With the implementation of the new curriculum, grades may temporarily decline as students adjust to the increased rigor and realignment of instruction from previous grades. Be assured that our instruction is as solid as ever, and your student will benefit from the richness of this curriculum that supports the Science of Reading.
