

JEREMIAH GRAY

KINDERGARTEN

ABOUT US

Jeremiah Gray Kindergarten Academy is a great place for students to begin their educational journey. The staff is dedicated to growing kind, confident learners!

Students that attend Jeremiah Gray Kindergarten will gain foundational skills they need to become successful learners. Using the Indiana Academic Standards, there is a heavy emphasis on early literacy and math skills.

Teachers monitor student progress closely, and use student data to provide targeted instruction at each student's learning level. Additionally, Jeremiah Gray focuses on Social Emotional learning through our Second Step program and Positive Behavioral Interventions and Supports (PBIS). Each student participates in a school-wide incentive program where they are awarded for outstanding behavior and effort.

At Jeremiah Gray Kindergarten, students work hard and are celebrated when they meet their learning and behavior goals!
