

Skyward Mobile App Re-Start Instructions

Perry Township Schools

Download the Skyward Mobile Access App

- If they used the app with the old SMS mobile app, we would recommend they completely uninstall/reinstall the app and re-verify with MSD of Perry Township.
- It may ask that the user CREATE a 4-digit passcode – this is user created for their personal account recovery/login on the app and is not something we control.
- Locate Organization – enter ‘MSD of Perry Township’ or use postal code.

Parents

- Parents will enter their username and password to login. (Same used for Previous Skyward)
 - If the password has been reset, it defaults to skyward1

Students & Staff

- Students (and Staff) will need to enter an Account Description – enter ‘Student’ or ‘Staff’.
- Students (and Staff) will use the ‘Sign In with Google’ option.
- Perry Township screen will open = enter Perry email and password
 - Ex: StudentNumber@student.perryschools.org
- It will then give them the option to enter the Mobile App or Full Application.
