Dear Parents/Guardians,

MSD Perry Township periodically notifies families through a system called Connect Ed. A message is sent out through a phone call to individual homes and assumes the message will be listened to, in its entirety. Hanging up before the message is completed results in a call back of up to five times.

The message at this time is only available in English.

The most common reason why the township uses the Connect Ed system is to notify families of two-hour delays and school closings due to inclement weather. A decision is made as soon as possible. This may come the evening before, or no later than 5:30 a.m. on the day of the delay or closing. Local radio and television stations also carry up to date listings of school closings. Please make sure you see or hear “MSD of Perry Township” relayed at the bottom of the TV screen, when tuning in.

In addition to weather related information, individual buildings use the Connect Ed system from time to time to relay important building information to families also.

The township recognizes the importance of relaying the information in languages that are understandable to families whose first language is not English. So, the English Language Learner (ELL) Program has set up an alternative numbers to call, to clarify the message left through Connect Ed.

Points to remember when receiving the original message:

- Listen to the message in its entirety, hanging up will result in 4 more attempts to deliver the message
- Watch the local news channels for up to date information on school delays and closings due to inclement weather
- Please refer to the phone numbers below for the information in Spanish and Chin.

Spanish 789-3784 or 789-3988

Chin 789-4439

Sincerely,
