

## **2017 Goodwill Donation Drive**

Many Perry schools are pleased to participate in Goodwill of Central & Southern Indiana's sixth annual Township Youth Donation Drive, January 1-31.

Students, parents and friends of our schools are encouraged to donate at least two 13-gallon bags or copier boxes filled with clothes, books, toys, electronics and other goods to local Goodwill stores. Larger items such as furniture are accepted, too.

At the time you donate, please remember to tell the Goodwill employee which school you're supporting so the school can get credit.

And if you have any questions the donation employee is unable to answer, please ask to speak to a store manager.

For a complete list of Goodwill store locations and hours, visit [goodwillindy.org/locations](http://goodwillindy.org/locations).

Goodwill's collection and sale of donations provides jobs for more than 2,000 people in Indianapolis and other communities. Two-thirds of those employees have limited job options due to a disability, limited education or other barrier. So not only do donations have a positive environmental impact, they also benefit people right here in our community.

Many school corporations are participating this year. Every donation counts in our schools' push to be among the top donors.
