## STUDENT: COVID-19 PROTOCOLS

---

The following protocols are the practices we will continue to use for the 2021-22 school year.

**These guidelines are subject to change based on positivity rates.**

### MASK/FACE COVERING

Grades K-12: **Starting Monday, February 14, masks are optional inside schools.** However, all bus riders are required to wear masks on buses, according to a federal mandate.

**Note:** It is recommended that all students, including car riders, bring a mask to school every day in case their parent/guardian instructs them to ride the bus due to unexpected circumstances.

### QUARANTINE GUIDELINES

**Positive cases:** Stay home for five days. On day six, return to school if asymptomatic or if symptoms are improving. Students will remain masked until day ten. Stay home for 24 hours after fever resolves.

### VACCINATION

While vaccines are not required, being vaccinated is one way to protect oneself and others from COVID-19.
