BUS REPLACEMENT PLAN AMENDMENT

If the school corporation is submitting an amended plan, please complete the following questions.

1. Declare the nature of and the need for the amendment.

We must increase our current Activity Type E fleet by four buses to meet the needs of transporting students on after-school ECA trips.

2. Show cause as to why the original plan no longer meets the needs of the school corporation.

The original plan no longer meets the needs of the school corporation. Due to a reduction in CDL qualified bus drivers we must utilize more activity Type E buses to transport ECA trips.

SECTION II
JUSTIFICATION FOR ADDITIONAL BUS PURCHASES, TRANSPORTATION SERVICES,
AND/OR EARLY BUS REPLACEMENT

1. Pursuant to IC 20-40-18-9(2)(A), if the School Corporation is seeking to acquire or contract for transportation services that will provide for additional school buses or buses with a larger seating capacity as compared to the number and type of school buses from the prior school year, explain for each additional bus and the circumstances of the demand for increased transportation services within the School Corporation.

The additional need for four activity Type E buses is to transport students to ECA activities. The reduction of CDL qualified bus drivers has limited the availability of having 84 passenger buses available to transport student to after-school ECA activities.

2. Pursuant to IC 20-40-18-9(4), if the School Corporation is seeking to replace an existing school bus earlier than twelve (12) years after the existing school bus was originally acquired or requires a contractor to replace a school bus, explain for each bus the circumstances for that need.
