

Dear Parent or Guardian,

Enclosed you will find your student's Individual Student Report (ISR) from the Indiana Reading Evaluation and Determination (IREAD-3) test taken in March. The IREAD-3 ISR is divided into the following sections:

- Overall Score and Performance Levels – This section indicates the student's overall score.
  - The graph and corresponding text identifies student performance in one of two categories: **Pass** or **Did Not Pass**.
  - A **Pass** score of 446 or above indicates that the student has met the expected level of learning.
  - A **Did Not Pass** score of 445 or lower indicates that the student has not met the expected level of learning.
- Performance by Academic Standard – This section contains information about the student's performance by Standard as measured by the items on the test.
  - The information in the table shows:
    - the Standard for each area
    - the student's percent correct for each Standard (based on the number of items that assessed each Standard)

Your child's school will be in contact if any follow up information is needed. Please call your school with any questions.
