Perry Township Schools

MESSAGE FROM THE SUPERINTENDENT

Welcome to the 2024-2025 School Year! Whether you are a returning family or new to our district, I am grateful that you chose Perry Township Schools.

Over the course of the last school year, staff, parents, community members and other key stakeholders were asked to participate in a series of surveys and meetings to devise a strategic plan. The number of responses was impressive and we thank everyone who dedicated their time to this process. Our goal when starting the plan was to identify areas of strengths and opportunities for improvement within the district. During this process, I quickly learned how invested everyone in this community is in ensuring every child succeeds. Whether our students choose to enroll in college, pursue employment, or enlist in our military after high

school we want them to be fully prepared for success. The strategic plan is close to being finalized and will be available at www.perryschools.org when complete.

As part of this work, we conducted a demographic study in order to understand our enrollment trends and have plans to complete a facilities study this coming school year. Together, these two studies enable us to be proactive in preparing enrollment predictions, forecasting, ensuring our facilities meet safety standards and are adequate for our future needs.

As many of you know, the legislative session ended with many new education laws going into effect on July 1st. Literacy, regardless of new laws, will always be a top priority in Perry Township Schools. With Senate Bill 1 becoming law, third graders could be held back if they do not pass IREAD-3 in upcoming years. This summer, our teachers continued their education through The Science of Reading training. Equipped with the knowledge received through training and years of experience in the classroom, we will build upon past achievements and expand our success.

Safety will continue to be a top priority for our students and staff. Last school year, we implemented weapons detection systems in our high schools. These new systems are similar to metal detectors but have sophisticated technology that detects all types of weapons. The weapons detection systems are just one of many steps we are implementing to keep students and staff safe. Safety is a community effort, we continue to encourage you to See Something, Say Something. If you know of any suspicious behavior, no matter how insignificant you feel it might be, please report it to 317-789-3905, reports can be anonymous.

Finally, thank you for continuing to support our schools and our students. There is no greater reward than preparing children for a future of academic, social and behavioral success and we could not do that without you! #WeGrowKids

With appreciation,
